Flexirent.
And love your technology!

Flexirent 
The best way to pay for technology

The best way to pay for *technology*

If you love having the latest technology, then Flexirent® is the way to go. You'll enjoy the added flexibility of being able to trade up before the end of the rental term*. And at the end, in two, three or four years, you have even more options. That's flexibility!

Get the equipment you need now... and pay as you go

With Flexirent, you're not restricted by the limits of your cash or credit card. What's more, there is no deposit. By selecting the rental term that matches the use-by date of the equipment, you can spread the cost of the equipment over its productive life – two, three or four years.

Choose Flexirent Protect™ for total peace of mind

By choosing Flexirent Protect, your equipment will be covered for loss, theft or accidental damage anywhere in Australia or New Zealand*. For a small additional amount, you can avoid the hassle of insuring your equipment. Extra care is needed for portable equipment.

Flexirent a total solution

Bundle all your computing needs in one agreement: computer, software, an approved extended warranty, and peripherals such as multi-functions, printers, scanners, digital cameras, network servers. Even installation and training.

Tax deductible payments

If the equipment is to be used primarily for work purposes (even at home), your rental payments will typically be tax deductible. Contact your tax advisor for more information.

Quick & easy process... call 1800 240 102

One phone call is all it takes to obtain quotes or for an approval. The process typically takes around ten minutes.

*Conditions apply.

End of term options... It's your *choice*

Flexirent's end of term options give you the flexibility to manage your changing IT needs. Within the final six months of your agreement, Flexirent will endeavour to contact you and remind you that it is time to consider your choices:

Flexi Upgrade

Upgrade to the latest technology with a new Flexirent agreement, and make us an offer to purchase your old equipment. Flexirent will typically accept a price lower than if you were to offer to purchase without upgrading.

Flexi Replace

Replace your old equipment with the latest technology on a new Flexirent agreement, and simply return your old equipment to us.

Flexi Extend

Extend your agreement if you are happy with the equipment.

Flexi Offer

Offer to purchase the equipment if you'd like to own it.

Flexi Return

Return the equipment to us if it's no longer needed at the end of the term.

For more information on the end of term options and the upgrade process refer to your Flexirent Application booklet, Flexirent welcome pack or log onto our website www.flexirent.com

Need more than \$20,000?

FlexiLine®, Flexirent's Master Rental Agreement is designed for those that will need more than \$20,000 over the next 12 months. FlexiLine acts as a line of leasing credit, where you are pre-approved for the whole amount and are able to draw down progressively against your limit.

For more information or to apply for FlexiLine, please contact your local state office or our Major Client Services Department on 1800 679 898.
